

JESSE PROULX

Aspiring Web Developer

613-276-1584 | jtaproulx1@hotmail.com | GitHub: github.com/prou0212 | LinkedIn: linkedin.com/in/jesse-proulx-09572132a

PROFESSIONAL SUMMARY

Computer Programming diploma graduate from Algonquin College with hands-on experience building responsive, cross-browser web applications using HTML5, CSS3, and JavaScript, working with SQL and NoSQL databases, and converting UI/UX designs into clean, well-documented code. Freelance experience managing a project from client discovery through deployment and ongoing maintenance. Developing familiarity with React, REST APIs, and JSON.

EDUCATION

Computer Programming Diploma | 2024 – 2026

Algonquin College of Applied Arts and Technology, Ottawa, ON

Radio Broadcasting Diploma | 2015 – 2017

Algonquin College of Applied Arts and Technology, Ottawa, ON

TECHNICAL SKILLS

Web Development: HTML5, CSS3, JavaScript, TypeScript, React, REST APIs/JSON, Node.js, npm, PHP

Programming Languages: JavaScript, Python, Java, PHP, SQL, PL/SQL, COBOL, Dart, Cypher

Databases: SQL Server, PostgreSQL, MySQL, Oracle, Microsoft Access, MongoDB (NoSQL), Neo4j

Version Control & Workflow: Git, GitHub

Operating Systems: Windows 11, Linux (Ubuntu, Manjaro)

IDE / Tools: VS Code, Visual Studio, Eclipse, NetBeans, PyCharm, Android Studio, XAMPP, VMware Workstation, SQL Workbench, pgAdmin4, MongoDB Compass, Microsoft SQL Server Management Studio

Testing & AI Tools: JUnit, Jest, Claude.AI

ADDITIONAL SKILLS

- **Debugging & Problem-Solving:** Applies critical thinking to identify, troubleshoot, and resolve technical issues quickly
- **Design Collaboration:** Converts UI/UX designs into clean, functional front-end code alongside designers
- **Communication & Teamwork:** Clearly conveys technical ideas to designers, developers, and stakeholders
- **Continuous Learning:** Stays current with emerging web technologies and frameworks through self-directed projects

PROJECTS (ACADEMIC / PROFESSIONAL)

Freelance Web Developer | Meticulous Peter Ltd. | meticulouspete.com | 2025 – 2026

- Design responsive website architecture focused on each client's target audience to improve digital presence and brand engagement.
- Manage the full project lifecycle from wireframes and discovery calls through deployment and testing.
- Build responsive front ends using HTML, CSS, and JavaScript, ensuring cross-browser and mobile compatibility.
- Continue to maintain and update live sites post-launch, addressing bug fixes, content updates, and usability refinements.

Recipe Management System | 2025

- Collaborated with a cross-functional team of 3, including designers, to build a responsive full-stack web application (HTML, CSS, JavaScript, PHP).
- Converted UI/UX designs into clean, functional front-end code.
- Designed and implemented a user authentication system enabling personalized experiences and saved preferences.
- Participated in team code reviews and version control via Git/GitHub to maintain a clean, collaborative commit history.

WORK EXPERIENCE

Dining Room Supervisor | 2022 – Present

Orchard Walk Retirement Home, Manotick, ON

- Supervise a team of 15 servers to ensure seamless dining service.
- Ensure compliance with RHRA and Ottawa Public Health regulations, including resident attendance and proper sanitation.
- Manage staff scheduling, optimizing workforce efficiency and coverage.
- Oversee recruitment of new servers, handling employee documentation and training.
